

Employer resource assessment – Automotive Glazing Technology (specified)

TO BE COMPLETED AND RETAINED BY THE SUPERVISING REGISTERED TRAINING ORGANISATION FOR AUDIT PURPOSES.

This form is made available to assist a supervising registered training organisation (SRTO) to comply with their obligations under the *Further Education and Training (FET) Act 2014*.

Apprenticeships and traineeships are pathways to obtain a qualification or statement of attainment by completing employment based training with an employer. It is essential the employment arrangements, including facilities, range of work and supervision, support an apprenticeship or traineeship outcome. The SRTO plays an integral role in assessing an employer's capacity to provide the facilities, range of work and supervision when the SRTO prepares the training plan required for the apprenticeship or traineeship.

Before the Department of Education and Training (DET) can register a training contract for an apprentice or trainee Section 17(5)(f)(i&ii) of the FET Act requires a registered training organisation (RTO) to accept the nomination to become the SRTO, and to prepare a training plan including an assessment of the employer's capacity to provide, or arrange to provide, the facilities, range of work and supervision required under the training plan. Section 74 of the FET Act requires the SRTO to take all reasonable steps to ensure the training plan is signed within 3 months of the start of the apprenticeship or traineeship, or within 28 days of a change of SRTO or permanent transfer. Changes to the training plan and/or the commencement of additional apprentices in the workplace will require the SRTO to review the employer resource assessment and retain evidence of the review.

If the employer is unable to provide, or arrange to provide the training resources necessary to achieve the outcomes of the training plan, and is unwilling/unable to negotiate alternative arrangements the SRTO **must not commit** to the training plan and **must immediately** advise the employer, the Australian Apprenticeship Support Network (AASN) provider and DET (Qld).

Supervision arrangements for specified qualifications

Part B of this form is used to document the agreement of an employer and apprentice for flexible supervision arrangements. An apprentice must be deemed eligible in accordance with the requirements outlined in the [Adequate Training Arrangements – Specified Automotive Glazing Technology](#) documents.

Where the employer is a GTO or PEO

In the case of a group training organisation (GTO) or principal employer organisation (PEO) it is **not** expected that the SRTO conducts an employer resource assessment. GTOs in Queensland are required to maintain compliance against the National Standards for Group Training Organisations and PEOs are required to maintain compliance against the Queensland Quality Standards.

There is no requirement to complete this form when dealing with a GTO/PEO.

If an SRTO has concerns with a GTO or PEOs capacity to provide the training resources necessary to achieve the outcomes of the training plan, the SRTO should not commit to the training plan and contact DET (Qld).
