

Employer resource assessment – Polymer industry apprentices: PMB30116 and PMB40116 qualifications only (current until 31 March 2018)

TO BE COMPLETED AND RETAINED BY THE SUPERVISING REGISTERED TRAINING ORGANISATION FOR AUDIT PURPOSES.

This form is made available to assist a supervising registered training organisation (SRTO) to comply with their obligations under the Further Education and Training (FET) Act 2014.

Apprenticeships and traineeships are pathways to obtain a qualification or statement of attainment by completing employment based training with an employer. It is essential the employment arrangements, including facilities, range of work and supervision, support an apprenticeship or traineeship outcome. The SRTO plays an integral role in assessing an employer's capacity to provide the facilities, range of work and supervision when the SRTO prepares the training plan required for the apprenticeship or traineeship.

Before the Department of Education and Training (DET) can register a training contract for an apprentice or trainee Section 17(5)(f)(i&ii) of the FET Act requires a registered training organisation (RTO) to accept the nomination to become the SRTO, and to prepare a training plan including an assessment of the employer's capacity to provide, or arrange to provide, the facilities, range of work and supervision required under the training plan. Section 74 of the FET Act requires the SRTO to take all reasonable steps to ensure the training plan is signed within 3 months of the start of the apprenticeship or traineeship, or within 28 days of a change of SRTO or permanent transfer. Changes to the training plan and/or the commencement of additional apprentices in the workplace will require the SRTO to review the employer resource assessment and retain evidence of the review.

If the employer is unable to provide, or arrange to provide the training resources necessary to achieve the outcomes of the training plan, and is unwilling/unable to negotiate alternative arrangements the SRTO **must not commit** to the training plan and **must immediately** advise the employer, the Australian Apprenticeship Support Network (AASN) provider and DET (Qld).

Where the employer is a GTO or PEO

In the case of a group training organisation (GTO) or principal employer organisation (PEO) it is **not** expected that the SRTO conducts an employer resource assessment. GTOs in Queensland are required to maintain compliance against the National Standards for Group Training Organisations and PEOs are required to maintain compliance against the Queensland Quality Standards.

There is no requirement to complete this form when dealing with a GTO/PEO.

If an SRTO has concerns with a GTO or PEOs capacity to provide the training resources necessary to achieve the outcomes of the training plan, the SRTO should not commit to the training plan and contact DET (Qld).

Privacy declaration

In completing this form, the SRTO named confirms that where any personal information is included in the answers provided, the SRTO:

- has taken all reasonable steps to satisfy that the relevant person has provided their consent (either express or implied) to the SRTO disclosing that information to DET (Qld); or
- is satisfied that it is otherwise authorised or required under a law to disclose that information to DET (Qld) or the Australian Apprenticeship Support Network provider.

For the purposes of this form, 'personal information' means information or an opinion, including information forming part of a database, whether true or not, and whether recorded in material form or not, about an individual whose identity is apparent, or can reasonably be ascertained from the information or opinion.

NUMBER OF APPRENTICES TO QUALIFIED PERSONS (SUPERVISORS)

As part of the SRTO's responsibility to assess an employer's capacity to provide adequate training arrangements, the SRTO is to determine if the apprentice's supervisor can:

- supervise other apprentices at a workplace where the apprenticeship is being completed; or
- **not** supervise any other apprentices at a workplace where the apprenticeship is being completed.

Where an SRTO determines a supervisor can supervise other apprentices, they must justify how an employer is providing adequate supervision.

The Queensland Plastics Industry Training Committee (QPITC) applied to the Queensland Apprenticeship and Traineeship Office (QATO) to modify the supervisory arrangements to enable the implementation of:

- PMB30116 Certificate III in Polymer Processing – all approved occupational streams
- PMB40116 Certificate IV in Polymer Technology – Polymer Technician

The approved modifications will be in place until 31 March 2018 to allow the implementation of the new Polymer Technician apprenticeship and to support new and emerging industries with the implementation of Certificate III in Polymer Processing...

As a person with the same qualification may not be in place, it is approved that a person or a combination of persons who have at least equivalent qualifications and/or experience required by 16.1 of the declaration policy as approved by the Queensland Plastics Industry Training Committee Inc., will be able to supervise the apprentices in the above apprenticeships. Qualifications that are at least equivalent include diplomas, degree or higher qualifications.
